VALENTINE'S DAY / CARNIVAL EXPERIENCE  
Inspired by the immortal piece from Victor Hugo "The Hunchback of Notre Dame"

Herdade da  
**Malhadinha Nova**  
Alentejo • Portugal

To celebrate Valentine's Day and Carnival, we suggest an experience based on the immortal masterpiece from Victor Hugo, "The hunchback of Notre Dame" published in 1831 with the highest reference in the literature world and adapted into theater and cinema.

The Cathedral of Notre Dame, in Paris being its main scene, the piece contributed to a greater appreciation of love without barriers, the acceptance of cultural differences and the appreciation of the genuine – as we believe it should be.

Allied to this, the setting of the piece encourages festivity, disguises, a carnival atmosphere and great animation. So, we consider it the perfect theme for the union of these two celebrations!
