To the right of the building is a swimming pool. The building is situated on a hillside covered in a dense vineyard. A dirt road runs along the edge of the vineyard. In the background, a wide, flat landscape stretches out under a clear blue sky. The landscape is dotted with small trees and shrubs. The overall scene is peaceful and scenic.

Wellness Retreat *Experience of 4 days, 3 nights*

In a world increasingly dominated by stress, technology and a strong connection with the digital world, we invite you to take a break, and reconnect with what's real: nature, our body, our mind...

In the endless Alentejo landscapes, where the only sound you can hear is the birds singing in distance and the wind reminding us of the passage of time and washing away all our worries, join us to discover the true meaning of *Slow Living*. Across 4 days, we will provide you with the tools required to relearn how to live in full alignment with nature and how to take those tools into your day-to-day life and to live in a more balanced way. Because in the end, that's what Malhadinha Nova is all about: balance. The natural balance of nature and its ecosystems, balance in health, in wellbeing... in life.

*There are special places on our planet, places of power, healing and renewal,
places where the mind-body connection is enhanced and that enable us to
get back in touch with our deepest innermost feelings.*

[RE]CONNECTING DAY 1

Very often we find ourselves almost prisoners of the world we live in. A world and a society where still today stress, self-indulgence and rush prevail and where we tend to forget what really matters. This first day in the countryside will be the perfect opportunity to reconnect with nature and with yourself, in this small paradise called Alentejo, where the peace, the silence and harmony and unbeatable.

Occasionally we must disconnect to reconnect later on.
– Dominic Riccitello

3pm. CONNECTING WITH NATURE DAY 2

Nature is perhaps the space with the biggest potential to make us calm and relaxed. Therefore, we have focused the second day of this program in building a stronger connection with nature and enjoy everything it brings to us.

Nature is the purest portal to inner-peace.
– Angie Weiland Crosby

7am. Start the day very early and feel the true power of nature, in a Forest Bathing experience, a japanese tradition adopted across the world with the objective of reducing stress, reducing blood pressure and heart rate, reinforce the immune system and preserve energy reserves to improve focus, relaxation and sleep.

8:30am – 11am. Enjoy our breakfast prepared with organic fruits and vegetables from our estate, with views to our infinity pools above the Alentejo landscapes.

CONNECTING WITH OUR BODIES DAY 3

It is no news that prioritising and taking care of our body is crucial to our well being but also for longevity. This day will focus on the importance of movement and fitness and will give you a number of ways of approaching in line with your personal preferences and objectives.

The very process of being alive means that we are constantly being inundated with fractious elements which work against our body's integrity. We need a healthy, quiet body to do whatever it is we have come to do. Connecting with the earth is one of the quickest, most effective ways of helping our body restore itself.

– Donna Goddard

7am. Start your day in an active way by joining a sport activity of your choice. We suggest a bike tour or run around Malhadinha Nova, guided or at your own rhythm, or alternatively, a Pilates class at sunrise.

8:30am – 11am. Enjoy once again the delicious Malhadinha Nova breakfast with all the freshness nature has to offer, so you can start your day with all the necessary nutrients.

12pm. Take a chance to test your body in an intense circuits session with a Personal Trainer, that promises to be tough and fun in equal measures!

1:30pm. For lunch, we prepared a wonderful picnic in our vineyards, in full harmony with nature.

3:30pm. We invite you to visit our pottery house and use the clay from our estate in this activity that feels almost like a meditation, giving you the opportunity to relax and reflect while also stimulating your creativity.

5pm. While movement is crucial and we should prioritise regular physical activity, it is equally important to give our bodies the rest it needs. Neurologist and sleeping specialist Dr. Dulce Neutel will join us to speak about the importance of sleep across all areas of health and wellness, as well as some important tools that can help you improve your sleep.

6pm. On the day focused on taking care of our bodies, we give you once again the possibility to enjoy our Wellness Centre and find the perfect treatment to achieve the results you desire.

To the more active members of the group, we have also prepared a fun volleyball game that promises an end of day full of laughter and competition in this group sport.

8:30pm. All senses are importante to help you connect with your body. While you enjoy a dinner of traditional Alentejo cuisine with a twist prepared by our team of chefs, feel the magic of Alentejo's history and traditions through the voice of those who know it best, in a concert of Cante Alentejano (recognised by UNESCO as Intangible Cultural Heritage).
